THE ROLE OF THE URTP IN REVITALISING, REJUVENATING AND TRANSFORMING THE RESERVES

The purpose of the URTP is to enhance the intellectual and leadership capabilities of the Reserves. As these members will eventually become the SANDF leaders of the future, academic achievements/progress, leadership potential and integrity are important criteria considered during the selection of candidates for the programme. These qualities are clearly visible in the profiles of the candidate officers recently appointed in the SAAF.

CO M.O. Bookholane – Best overall student on the BMT course. His achievements in the following fields won him the award – Ceremonial, Academic, Leadership and Fitness

CO S. van Eeden

CO T.M. Moima

The URTP is also an element of the plan to rejuvenate, revitalise and transform the Reserves. The above profile photos reflect the progress made in this regard.
